

## B: 2005 Communications

<b>OUTREACH</b>	
<b>Recreational Fishing Alliance</b> January 4, 2005	LLTK Executive Director Barbara Cairns, Jim Waldo of Gordon Thomas Honeywell and LLTK Project Director Michael Kern met with Corey Freeman, who at the time represented the Recreational Fishing Alliance on the Hatchery Reform Coalition.
<b>Briefing for Environmental Leaders</b> January 6, 2005	Barbara Cairns and Michael Kern hosted a small gathering of key environmental leaders, to ensure they had a full understanding of the Hatchery Reform Project, update them on recent progress and discuss the project's next steps.
<b>Steelhead and Cutthroat Policy Advisory Group</b> January 12 & 21, 2005	HSRG Vice Chair Lee Blankenship presented to this WDFW advisory committee in Olympia on the HSRG's system-wide recommendations for steelhead. HSRG member Paul Seidel and WDFW's Andy Appleby led a follow-up workshop featuring case studies applying the All-H Analyzer (AHA) to steelhead stocks.
<b>Wild Salmon Center</b> January 25, 2005	Barbara Cairns and then-LLTK Director of Project Development Betsy Daniels met with Elliott Marks, who was directing a project for the Wild Salmon Center, to introduce him to the Hatchery Reform Project. Shortly thereafter, he was named Natural Resources Advisor to Washington Governor Christine Gregoire.
<b>Shared Salmon Strategy for Puget Sound Summit</b> January 26, 2005	HSRG Chair Lars Moberg participated in the hatchery break-out session of this conference in Tacoma. LLTK reviewed and edited the "platform statement" for that session.
<b>Hatchery Reform Coalition</b> February 17, 2005	LLTK coordinated this meeting held to discuss how hatchery reform fits into other salmon recovery processes, the Washington State Department of Fish and Wildlife (WDFW) biennial budget submission, and hatchery reform beyond 2005.
<b>Adaptive Management Workshop</b> February 28 & March 1, 2005	LLTK Fish Program Coordinator Michael Schmidt participated in a workshop in Seattle co-hosted by Washington Trout, Seattle Public Utilities and Shared Strategy on applying adaptive management to salmon recovery in Puget Sound.
<b>WRIAs 7-10 Technical Committees</b> March 3, 2005	Michael Kern worked with King County staff to coordinate a workshop on AHA for WRIAs 7-10. Paul Seidel and Andy Appleby conducted the workshop.
<b>Hatchery Reform Coalition</b> March 21, 2005	LLTK coordinated this meeting held to discuss how hatchery reform was reflected in the WDFW biennial budget submission.
<b>Hatchery Reform Coalition</b> April 12, 2005	LLTK coordinated this meeting held to review the purposes of the Hatchery Reform Project and the Coalition.
<b>Cedar River Anadromous Fish Committee Presentation</b> April 25, 2005	Michael Kern provided an overview and update on the Hatchery Reform Project to this committee chartered as part of the City of Seattle's Habitat Conservation Plan for the Cedar River.
<b>Steelhead Summit Alliance</b> May 14, 2005	Michael Kern provided an update on the Hatchery Reform Project in Bellevue at the spring meeting of this informal network of west coast steelhead groups.
<b>Department of Fisheries and Oceans-Canada (DFO)</b> June 22, 2005	HSRG Vice Chair John Barr and member Trevor Evelyn presented the HSRG's principles and recommendations to a team of DFO personnel who were applying those principles and recommendations to DFO's hatchery programs.

**HATCHERY SCIENTIFIC REVIEW GROUP**  
**Puget Sound and Coastal Washington Hatchery Reform Project**

<b>Seattle Foundation Community Conversation</b> June 29, 2005	Michael Kern participated in this forum in Seattle, sponsored by the Seattle Foundation, to ensure a hatchery reform perspective was included in the Foundation's new giving priorities for environmental issues.
<b>NOAA Fisheries</b> July 6, 2005	Barbara Cairns and Michael Kern met with NOAA Fisheries policy advisors Todd Ungerecht and Karl Anderson to update them on the Hatchery Reform Project, including the AHA and Managing for Success (MFS) tools.
<b>Hatchery Reform Coalition</b> August 4, 2005	LLTK coordinated this meeting held to receive an update on Hatchery Reform Project activities and a presentation on the US Fish and Wildlife Service's (USFWS) upcoming review of all USFWS-affiliated hatchery programs on the Columbia River.
<b>Northwest Marine Trade Association (NMTA)</b> August 8 & September 12, 2005	Barbara Cairns and Michael Kern met with NMTA's president, vice president and director of fishing affairs in August to introduce the Hatchery Reform Project. This led to an invitation to present to the NMTA Fish Committee in September.
<b>Hatchery Reform Coalition</b> October 19, 2005	LLTK coordinated this meeting held to receive a briefing on the Mitchell Act Coalition and an update on WDFW hatchery reform implementation activities.
<b>Hatchery Reform Conference</b> October 28, 2005	LLTK sponsored and coordinated a conference at the Mountaineers Building in Seattle REI highlighting the independent scientific recommendations and co-manager implementation case studies resulting from the Hatchery Reform Project. The HSRG presented its scientific findings.
<b>Northwest Fish Culture Conference</b> December 6-8, 2005	Hatchery Reform Coordinating Committee member and USFWS Hatchery Review Team Vice Chair Doug DeHart provided an update on the Hatchery Reform Project at this gathering in Boise, ID of Northwest hatchery personnel.
<b>PUBLICATIONS</b>	
<b>All-H Analyzer (AHA) Overview</b> January, 2005	The HSRG and LLTK developed a one-page overview of AHA and sent it to a list of over 300 decision-makers, managers, scientists and stakeholders. It became the basis for an HSRG/Co-Manager technical discussion paper (see below).
<b>Conservation Hatcheries Technical Discussion Paper</b> March 11, 2005	The HSRG publish a technical discussion paper on when to start a conservation hatchery program. It is available from the web site.
<b>Report to Congress</b> April 28, 2005	LLTK sent the 2005 Hatchery Reform Project Report to Congress to 20 members of Congress, Congressional staffers, and others involved in the appropriations process. It included the HSRG's synopsis and evaluation of state, tribal and federal regional progress updates, alongside co-manager and USFWS reports on accomplishments and work in progress.
<b>Shared Salmon Strategy for Puget Sound Recovery Plan</b> June, 2005	LLTK provided edits to the Regional Hatchery Strategy, H-Integration, and Adaptive Management sections of this plan, to encourage consistency with the HSRG's principles and recommendations.
<b>Shared Salmon Strategy for Puget Sound E-Bulletin</b> October 19, 2005	This email bulletin included the Hatchery Reform Conference announcement.
<b>Fisheries Magazine Essay</b> June 2005	The HSRG authored <i>Hatchery Reform in Washington State: Principles and Emerging Issues</i> , as the feature article in the American Fisheries Society's peer-reviewed journal. It is available from the web site.
